House no 535-36 Baldia Colony

Haroonabad, Pakistan +92 3317916371

### ***Professional Experience***

---

#### **Rolustech**

##### **Software Engineer – DevOps Engineer**

Lahore Pakistan

January 2024 – to date

- Actively involved in the design, implementation, and maintenance of Azure and AWS Cloud infrastructure to support the deployment of various applications.
- Utilized Azure DevOps pipelines and Git Workflows to automate build, test, and deployment processes, resulting in a significant reduction in deployment time.
- Designed and maintained CI/CD pipelines using (CodeCommit, CodeBuild, CodeDeploy, and CodePipeline) resulting in faster and more reliable deployments
- Implemented monitoring solutions using Azure Monitor and Log Analytics to ensure system reliability and performance.
- Hands on experience with containerization technologies like Docker and container orchestration platforms like Kubernetes, Azure container apps
- Solid scripting skills in languages such as PowerShell, Bash
- Designed and implemented monitoring and alerting solution using Prometheus and Grafana resulting in improved observability and reduced downtime
- Experience in system administration, Installation, Upgrading Patches, Configuration, Troubleshooting, and Security performance monitoring on Linux
- Deploy azure resources using Azure CLI/PowerShell/Bash/Portal/Terraform/Azure ARM deployments
- Knowledge in WebLogic servers like NGINX on different Operating System like Linux platform

#### **Netsol Technologies (AWS Consulting Partner)**

##### **Software Engineer – DevOps Engineer**

Lahore Pakistan

June 2022 – October 2023

- Experienced in designing, deploying, and maintaining services and infrastructure components in AWS
- Implement and manage continuous Integration and delivery (CI/CD) using (CodeCommit, CodeBuild, CodeDeploy, and CodePipeline)
- Have Strong knowledge in Infrastructure as Code (IaC) concepts and experience with Terraform, CloudFormation and CDK development
- Hands on experience of kubernetes, including deep understanding of core concepts related to kubernetes clusters Proficient in utilizing Docker , a powerful containerization and orchestration management tool
- Responsible for design and maintenance of the Code Commit repositories and the access control strategies
- Research and recommend new technologies and approaches to improve the efficiency of the software development and delivery process
- Knowledgeable in configuring and managing AWS security protocols
- Capable of monitoring and optimizing AWS resources for cost and performance  
Experience working in team which follow DevOps practices
- Proficient in utilizing Jenkins a popular Devops tool for Continuous Integration and continuous delivery pipelines  
Skilled in leveraging Ansible a powerful tool for configuration management and automation of IT Infrastructure  
Able to troubleshoot and resolve AWS-related issues effectively

## Technical Skills

---

Cloud services:	AWS/AZURE
Languages:	Bash, PowerShell, YAML, JSON, KQL, C++, PHP
Deployment Tool:	Terraform, Ansible, CloudFormation, Azure ARM Template, PowerShell, CLI, Azure Devops
Databases:	SQL Server, MYSQL, AWS RDS
Software Tools:	VS Code, DBeaver, HeidiSQL, Git Bash, Microsoft SharePoint, Google Office Suite, Jira and others
Monitoring Tool:	Azure Monitor, Grafana, Prometheus, AWS Cloudwatch
Containers/Release:	Docker, Kubernetes, Azure container app
Servers/OS:	Nginx, windows, Ubuntu, Linux
Version Control tools:	Git, Github, Gitlab, AWS Code Commit, and Azure Repos
Cloud Platform:	AWS EC2, ALB, EKS, ECS, ECR, CodeBuild, CodePipeline, API Gateway, CloudFront CloudWatch, Lambda functions, VPC, S3, Security Groups, Azure Container app, VM, VMSS, Azure Storage, FrontDoor, Application gateway, Azure network, Load balancer, Network security group, Azure DNS, Azure Monitor, Logs Analytics workspace, Azure key Vaults, Container Registry, Azure DevOps Pipeline

## Education

---

University of Engineering and Technology (UET Lahore)  
Bachelor of Science (Computer Science)  
CGPA 3.5/4.0

Lahore, Pakistan  
2018 – 2022

## Additional Experience

---

### Certifications and Accreditations:

- [AWS Certified Developer - Associate \(DVA\)- \(2022\)](#)
- AWS Partner: Accreditation (Technical)
- AWS Partner: Accreditation (Business)
- AWS Partner: Cloud Economics Accreditation

**Events:** Participated and achieved success in a DevOps Game Day competition.

**Extracurricular:** Reading, Community service projects
